

Find your artist on the Approved Artist List

Selecting a Topic:

To simplify matters, I usually pre-assign artists but this session I thought I'd let you choose the person you find most intriguing. You MUST select an artist from this list. Your work should be completed and submitted as an individual - this is NOT a group assignment. Duplicate work will receive a zero score! If there is an artist you desire to research that would fit the parameters of the course, send me an email with the information and I will let you know.
